

With great sadness, the Ventin Group (+VG) recognizes the extraordinary life of Carlos Ventin with his passing on September 25th.

He was the proud father of 3 good and successful children and 6 beautiful grandchildren.

Carlos was a friend and inspiring mentor to many of us.

We admired him because he came to Canada as a young man in 1964 with very little and worked tirelessly to establish a well-respected name for all of us to build upon. In 1972 he established C. A. Ventin Architect Ltd., giving us our first opportunities to grow.

Carlos was daring, generous and loving. He had the rare ability to look adversity right in the face and always maintain a sense of humor. We believe he bravely faced illness in the same way.

Carlos was a powerful force in the world of Architecture. He played an instrumental role in creating a vibrant culture of Heritage Building Restoration in our smaller communities and then he took it all the way to Toronto, the Province of Ontario and beyond.

In November, Heritage Canada will recognize Carlos as this year's recipient of the esteemed Governor's Award For Extraordinary Achievement In Heritage Conservation.

We ask that you join us in honoring him with your very best memories, thoughts and prayers.
